

Job Description

Job Title: Analyst

Reports to: Head of Line of Business to whom assigned

National Community Investment Fund (NCIF), national nonprofit Community Development Financial Institution (CDFI) formed in 1996 with a mission to increase access to responsible financial products and services in underserved communities. Total assets under management at NCIF are approximately \$226 million, including \$166 million outstanding New Markets Tax Credits (NMTC) deployments allocations. In 2019, NCIF launched a \$30 million Credit Strategies Fund for lending and is in the process of raising another \$15-\$20 million of debt capital to support growth and impact. NCIF achieves its mission via three complementary business lines:

1. Equity Investing in mission-oriented Certified Development Financial Institutions (CDFI), Minority Depository Institutions (MDIs), and Mission-Oriented Financial Institutions (MOFIs) as agents of change across the US and its territories. These can be banks and non-banks as well as large corporates that act as anchors in communities. NCIF is the largest investor in the CDFI banking industry, with investments in ~10% of all certified CDFI Banks. We are exploring to make strategic investments in corporations that reduce climate change.
2. New Markets Tax Credits: Since 2003, NCIF has received over \$401 million in NMTC allocations that are being deployed into real estate, operating companies, health care facilities, schools, other nonprofit and for-profit impact-oriented businesses in partnership with local CDFI institutions; and
3. Lending: NCIF makes loans in partnership with CDFIs, MDIs, and MOFIs to enhance the impact of projects that benefit underserved communities.
4. Impact measurement is the foundation of NCIF's work and supports all our business lines. NCIF pioneered the use of Social Performance Metrics (www.bankimpact.org) and is developing a cloud-based core data platform to support data analytics.

NCIF is looking for an Analyst with strong financial and credit risk analysis skills to support its growing team. S/he will get exposure in credit, investing, lending, impact, and new initiatives (such as climate finance).
